

## CRITERIA 3

### “Revisiting Basic Concept of Organic Chemistry”.

24<sup>th</sup> september 2022

Chemistry and Zoology Department of the college organised online webinar.

Dr.Jasamrit Nayyar ,Associate Prof. and HOD ,Chemistry Department,GGDSD College Chandigarh and topic for talk was “Revisiting Basic Concept of Organic Chemistry”.

Dr.Jasamrit Nayyar explained the stereochemistry of molecules,optical activity and optical isomers,enantiomers and their properties,meso compounds,diastereomers,different representations like Fischer projection ,Flying wedge, newmann and saw horse of a molecule,conformational and configurational isomers,prochiral molecules ,chiral ,achiral ,stereogenic centres,R-S configurations,difference of absolute and relative configurations of molecules etc.
