Annual E-Governance Report

Accounts & Finance:

The Accounts is greatly benefitted with the use of e-governance while handling accounts, investments, balance of payments, fee collection etc. in the institution for better accountability and transparency. ERP Viksat Infotech is used to automate, transfer, and analyse the data or information in the college administration for the purposes of admissions, Examination etc.

The voluminous data is handled efficiently and smoothly under e-governance with less and less use of paper in office. In order to promote the use of ICT for the purpose of e-governance the administrative staff is trained, and their capacity-building is taken up regularly to use the products and services of e-governance at the college.

The College uses Tally ERP 9.0 which is used to manage the accounts which offers advanced features to maintain financial records effectively and efficiently.
